- ✓ Parents, I have a big favor to ask of you. It is for the well-being of our children and teachers. Many of us love scents, but these scents pose a problem to a number of our students/teachers. For some, scents actually trigger asthma attacks. I am asking that, when possible, you use unscented lotions and creams, that you not use perfumes or heavily scented deodorants or hair products. Please do not send your child to school with scented hand sanitizer. This small change can mean a breath of fresh air and help others breathe easier. Thank you for your cooperation - Sr. Colleen.
